## AIRSHIPS ARE TO ENTER THE RACES

Greatest Contest in the History of the World.

Five Machines are Scheduled to Fly and a Frenchman Has the Largest Gas Bag of All.

### ARROW TO BE A CONTESTANT

St. Louis, Nov. 8.—Unless the weather conditions interfere the great demonstration of airships in the history of the world will take place at the World's Fair aeronautic course beginning today.

Housed in the aerodrome are flying machines, embodying as many different principles and varying in size from the monster airship invented and built by Hippolyte Francois, of Paris, France, with its immense gas bag containing 65,000 cubic feet of hydrogen gas, to the comparatively small balloon belonging to A. L. Reynolds, of Los Angeles, Cal., which, when fully inflated has a capacity of only 3,000 cubic feet.

In principle of propulsion the airships vary as widely as they do in size.

Two of them come to the World's Fair with records of successful flights. One of which, the Baldwin "California Arrow," has demonstrated here on two occasions that it is dirigible and not dependent upon currents of air for its momentum.

Today the first flight is scheduled in the contest for the grand prize of \$100,000 offered by the Louisiana Purchase Exposition company, under the following conditions:

"Course to be 'L' shaped, start to be made at the angle of the 'L' and the length of the full course not less than ten miles nor more than fifteen.

"Number of trials allowed unlimited but each competitor must make the full course at least three times.

"The winning time shall be the average of the three best trips, provided that this average time be at least twenty miles an hour."

The last qualification has so far proved the stumbling block to the various aeronauts now at the World's Fair. They claim that the rate of speed prescribed is excessive and impossible to attain for so great a distance.

M. Francois, whose gigantic aerial vessel will make a formal trip tomorrow for the \$100,000 prize, declares that the speed requirement will not affect his chances, as his airship has made a record of twenty-five miles an hour, and is capable the inventor declares, of maintaining a speed of thirty miles an hour under most favorable conditions.

Capt. Baldwin has announced that he will make a flight either tomorrow or Tuesday, and while his machine will not cover the prescribed course as a contest for the grand prize, Capt. Baldwin will instruct A. Roy Knabenshue, of Toledo, Ohio, his navigator, to sail over an arranged course for a test of the speed his airship is capable of developing, and upon the outcome of this trial will rest Capt. Baldwin's entry for the grand prize. In addition to the Francois, Baldwin and Reynolds' flying machine the aerial craft invented by Thomas C. Benbow, Columbus, Mont., and B. F. Berry, of St. Louis, will make ascensions during the week.

### CONSTIPATION.

Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes Feb. 12, 1902: "Having tried Herbine I find it a fine medicine for constipation." 50c bottle. Sold by DuBois, Kolb & Co.

### Changes in Positions.

Mr. K. B. Wilson has resigned his position with Engert & Bryant and returned to the I. C. freight house.

Mr. H. H. Gibson has bought the saloon and grocery of F. Matlock, at Tenth and Husband streets, and has taken charge of it again.

Mr. Louis Dodd has resigned his position as traveling salesman for the Hessig distillery and wholesale liquor house.

Mr. Vera Phillips, formerly of Noble, Overby & Co., has accepted a position with the Sutherland Medicine company.

## BURNED TO DEATH

Horrible Fate of a Boy at Fulton.

Little Son of Conductor Walter Spink Died From His Injuries.

Little Aubrey Spink, the five-year-old son of Conductor and Mrs. Walter Spink, of South Fulton, was horribly burned about the face and body Sunday afternoon, and died yesterday afternoon.

The little fellow was first discovered by his mother, running to the house from the stable, his clothing being in flames. The mother attempted to extinguish the burning clothing and her own were caught on fire. Mrs. Nicholas, a neighbor ran to the rescue and dashed a bucket of water on both mother and son, putting out the fire but too late to save the boy.

His face and body were horribly burned, flesh dropping off in places.

Mrs. Spink was badly burned about the hands and arms.

It is supposed that the little child was playing with matches in the stable.

### KEPT HIS WIFE

And a Former Kentuckian is Up in Arms Over It.

St. Louis, Mo., Nov. 8.—Evander L. Craig, aged thirty-two, formerly of Greenville, Ky., today complained to the police that his wife, twenty-two years old, formerly Miss Mary L. Baker, with whom he eloped to Belleville August 4, was being held captive by her stepfather, Mel Thompson. Craig and Miss Baker went to live at 2644 Geyer avenue. They were happy, Craig says, and her parents seemed well pleased. On September 19, Craig says, his wife went to her parents' home to assist in entertaining some friends who were visiting the world's fair. Just a week later, Craig says, he went there to get his wife, but was told he could never see her again. He says that she was locked in a room and prevented, against her will, from seeing him. A day later he learned that she had been sent out of the city. For a while Craig thought his wife had been sent to Cuba, Mo., but letters written to that place failed to bring an answer. Craig says he is heartbroken over the separation, but is determined to find his bride. "I know her stepfather can tell me where she is, but he refuses to give me any satisfaction," said Craig.

"I spent two hours one afternoon begging him not to keep us apart, but he would only tell me that she cared nothing for me any more. I know that isn't true."

### ONLY ONE CENT.

New York Woman Pays the Smallest Amount Known.

New York, Nov. 8.—What is undoubtedly the smallest tax assessment ever paid on real estate in this city was handed in at the Bronx office of the department of taxes and assessments, when Mrs. Mary A. Bennett paid one cent as taxes on property at Prospect avenue and Garden street.

The rebate clerk, Matthew A. Huson, took the tax bill without glancing at it and prepared to figure out the rebate allowed on taxes paid this month. When he looked at the amount he quickly decided that no rebate could be allowed, and he gave Mrs. Bennett a regular receipt.

Assessed on the tax books as block No. 3,100, lot No. 24, the assessment valuation is the same as the amount of taxes collected, it being impossible to collect a smaller amount.

This small piece of city realty is triangular in shape, the figures on the assessment books being given as 2.98x1.12x2.77 feet, the strip being the result of cutting through and widening Prospect avenue, the latter proceeding taking all the property owned by Mrs. Bennett except this remaining triangular bit.

### NEURALGIA PAINS.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone and being absorbed into the blood, its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c, \$1.00. Sold by DuBois, Kolb & Co.

The end seat hog is not a lamb because he sits in a church.

Whenever you need anything that a drug store should carry come to us at once. We have it.

DuBois Kolb & Co. BOTH PHONES 18

### WHAT THE MINISTER SAYS

Is Most Convincing.

"I thought I would write you what Pyramid Pile Cure has done for me. I had a most aggravated case of bleeding piles; indeed I dreaded when I had to go to stool. One fifty cent box cured me. I feel like a new man. I have recommended it to others as being the most wonderful remedy known. It is indeed a great blessing to suffering humanity. You are at liberty to use this for all it is worth, and I hope it may do good." Rev. W. E. Carr, 335 No. Holbrook St., Danville, Va.

Clergymen (like all professional men who lead sedentary lives) are especially addicted to piles, in various forms, and are continually on the lookout for a remedy which will give relief, with little or no idea of obtaining a cure.

Recognizing this fact, Rev. Mr. Carr consents to the use of his name in order that other sufferers may know there is a cure called Pyramid Pile Cure, which is sold by druggists everywhere for the low price of fifty cents a package, and which will bring about for every one afflicted with piles, the same beneficial results as in his own case. Be careful to accept no substitutes, and remember that there is no remedy "just as good."

A little book describing the causes and cure of piles is published by Pyramid Drug Co., Marshall, Mich., and will be sent free for the asking. All sufferers are advised to write for it, as it contains valuable information on the subject of piles.

### Clarksville Tobacco.

Clarksville, Tenn., Nov. 8.—The following is the report of the Clarksville Tobacco market for the year ending Nov. 1, 1904, with figures comparing the 1904 report with that of 1903:

	1904	1903
Receipts for year	16,828	21,937
Same time last year	21,937	17,156
Sales for the year	17,156	11,099
Same time last year	11,099	2,060
Total stock, Nov. 1, 1904	928	5,143
Unsold stock Nov. 1, 1904	928	4,715
Unsold stock Nov. 1, 1903	4,715	29,475
Shipments for the year	29,475	24,431
Receipts for October, 1904	498	1,139
Sales for October, 1904	1,139	2,736
Shipments for October, 1904	2,736	2,060
Total stock Nov. 1, 1904	2,060	1,132
Buyers' stocks Nov. 1, 1904	1,132	928
Sellers' stocks Nov. 1, 1904	928	

The report for the week just closed was as follows:

	1904	1903
Receipts	50	277
Offerings on the breaks	277	349
Public and private sales	349	

The general quality of the breaks for the week was unchanged, remaining rather poor but of good order. The crop has sweated unusually well, which is in great contrast to the last crop. The market was active and very strong throughout the entire week and showed an advancing tendency.

It is stated that the Dark District Planters' Protective Association has secured over 80 per cent. of the 1904 crop, which will be held for better prices in the fight against the trusts and if the fight is long drawn out and stubborn, the movement of the 1904 crop will be considerably delayed.

The recent long drought has been broken and tobacco has become partly in order. Following are the quotations for the week:

Low lugs	\$3.50 @ 3.75
Common lugs	\$3.75 @ 4.00
Medium lugs	\$4.00 @ 4.25
Good lugs	\$4.25 @ 4.75
Low leaf	\$4.75 @ 5.50
Common leaf	\$5.50 @ 6.75
Medium leaf	\$6.75 @ 8.00

No good or fine leaf or selections were offered during the week.
